

Opportunities for Research Master's & PhD Studies at HKUST

Greetings from the Hong Kong University of Science and Technology (HKUST)! I am writing to ask for your kind help in advising relevant parties or students from your country, that HKUST is a great choice for research postgraduate studies. We are keen to welcome and nurture talents from all over the world to join our postgraduate community.

Established in 1991, HKUST is a world-renowned research university in Hong Kong excelling in Science, Engineering, Business and Management, Humanities and Social Science, as well as Interdisciplinary Studies. While we are celebrating 30th anniversary this year, HKUST is motivated to move forward to transform education to meet the world's ever-changing needs by establishing a new campus in Guangzhou. Complementing the well-established disciplinary foundation on the Hong Kong campus, the Guangzhou campus will engage in a cross-disciplinary academic exploration to nurture well-rounded graduates with global vision, a strong entrepreneurial spirit and innovative thinking. It is targeted to open in September 2022.

HKUST is now inviting the applications for admission to Hong Kong campus as well as HKUST Guangzhou Pilot Scheme for entry in September 2022. You may wish to find the enclosed materials for further details of what we offer.

We would be grateful if you can help share with relevant parties or students the opportunities offered at HKUST. If you would like to request hard copies of our publications or have further questions related to PG admission, please feel free to contact my colleagues,

Ms Stephanie Wong (stepwong@ust.hk <<mailto:stepwong@ust.hk>>)

Ms Becky Mok (beckymok@ust.hk <<mailto:beckymok@ust.hk>>).

Also, we are excited to share with you that there will be a HKUST Virtual Information Week for Postgraduate Studies from 11 to 19 November 2021. Prospects may explore what HKUST offers through wide-ranging admission events such as information sessions and student sharing. Please do visit <https://pg.ust.hk/pginfoweek> for more details.

Thank you very much and all the best.

Yours sincerely,
